

MAXION TRUCK MASTER

BJC-8000

Jump Starter for American & Aussie 12V Trucks

⚡ 8,000 AMPS **🇦🇺 AUSTRALIAN MADE**

Maxion Truck Master delivers ultimate starting power to your 12 Volt vehicle.

Perfect for American and Aussie 12V trucks – whether it's a Mack, Freightliner, Western Star, Kenworth, or any Cummins 12V engine.

Jump start your truck with the simple push of a button, thanks to user-friendly one-button operation

The Maxion Truck Master is specifically engineered to meet the demanding power needs of American-style 12V trucks like the Mack, Freightliner or Western Star. With its unrivaled performance and exceptional portability, this jump starter is your reliable companion on the road. Weighing in at just under 10KG, it's remarkably lightweight and easy to carry wherever you go.

Safety is paramount, which is why the Maxion Truck Master features reverse polarity protection. Even if you accidentally make the wrong connection, this intelligent system prevents any mishaps from occurring. Additionally, the jump starter incorporates low voltage protection to safeguard the internal lithium batteries from potential damage.

SPECIFICATIONS
